BURNSIDE

The Pepper Street Arts Centre will host *Birds of a Feather*, a visual celebration of our feathered friends, from 14 February to 11 March.

Birds of a Feather is a bright and quirky mixed media exhibition celebrating the exquisite beauty, colour and grace of birds.

There will be a wide variety of work on display for this bird inspired exhibition, including photo-realistic drawings and paintings by wildlife artists, Diana Koch and Annette Dawson. The amazing pelican sculptures by well-known artist, Indiana James, are also a must see.
