

**Appendix 1: Alignment of the Environment and Biodiversity Strategy with South Australia’s Strategic Plan and the City of Burnside’s Community Plan 2012-25**

South Australia’s Strategic Plan Targets	City of Burnside’s Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 2: Cycling</p> <p>Double the number of people cycling in South Australia by 2020 (baseline 2011)</p>	<p>1.7 – An effective transport network that supports safe and efficient movement, connecting people and places</p>	<p>Sustainable City</p>	<p>City wide planning to build resilience</p> <p>Promote sustainable living</p> <p>Develop accessible and sustainable transport solutions</p>
<p>Target 7: Affordable housing</p> <p>South Australia leads the nation over the period to 2020 in the proportion of homes sold or built that are affordable for low and moderate income households (baseline 2008)</p>	<p>1.2 – A range of housing that meets the varying needs of the community.</p>	<p>Sustainable City</p>	<p>Promote sustainable living</p> <p>Inform and engage local community</p> <p>City wide planning to build resilience</p>

South Australia's Strategic Plan Targets	City of Burnside's Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 20: Bushfire preparedness</p> <p>Increase the number of households in high bushfire prone areas that are prepared for bushfire by 30% by 2020 (baseline 2010-11)</p>	<p>2.1 – Natural environments and watercourses protected and conserved in both the Hills Face and the Plains.</p>	<p>Sustainable City</p>	<p>City wide planning to build resilience</p> <p>Inform and engage local community</p>
		<p>Connected and Resilient Biodiverse Landscapes</p>	<p>Build our knowledge</p> <p>Integrate fire risk management</p>
<p>Target 24: Volunteering</p> <p>Maintain a high level of formal and informal volunteering in South Australia at 70% participation rate or higher (baseline: 2006)</p>	<p>3.3 A safe community that values and supports its people</p>	<p>Connected and Resilient Biodiverse Landscapes</p>	<p>Engage community and develop partnerships</p>
		<p>Sustainable City</p>	<p>Green our Organisation (corporate volunteering)</p> <p>Inform and Engage local community</p>

South Australia's Strategic Plan Targets	City of Burnside's Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 59: Greenhouse gas emissions reduction</p> <p>Achieve The Kyoto target by limiting the state's greenhouse gas emissions to 108% of 1990 levels during 2008-2012, as a first step towards reducing emissions by 60% (to 40% of 1990 levels) by 2050 (baseline: 1990)</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change.</p>	<p>Sustainable City</p>	<p>Reduce Greenhouse Gas Emissions in council Operations</p> <p>Manage waste sustainably</p> <p>Promote sustainable living</p> <p>Inform and engage local community</p> <p>Green our Organisation</p> <p>Develop accessible and sustainable transport solutions</p>
<p>Target 61: Energy efficiency – government buildings</p> <p>Improve the energy efficiency of government buildings by 30% by 2020</p> <p>(baseline: 2000-01) Milestone of 25% by 2014</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change</p>	<p>Sustainable City</p>	<p>Reduce Greenhouse Gas Emissions in council Operations</p> <p>Manage waste sustainably</p> <p>Green our Organisation</p>

South Australia's Strategic Plan Targets	City of Burnside's Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 62: Climate change adaptation</p> <p>Develop regional climate change adaptation plants in all State Government regions by 2016. (baseline: 2011)</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change</p>	<p>Sustainable City</p>	<p>City wide planning to build resilience</p>
<p>Target 64: Renewable energy</p> <p>Support the development of renewable energy so that it comprises 33% of the state's electricity production by 2020 (Milestone of 20% by 2014)</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change</p>	<p>Sustainable City</p>	<p>Green our Organisation</p>
<p>Target 67: Zero waste</p> <p>Reduce waste to landfill by 35% by 2020 (baseline: 2002-03) Milestone of 25% by 2014</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change</p>	<p>Sustainable City</p>	<p>Manage waste sustainably</p> <p>Green our organization</p> <p>Inform and engage local community</p>

South Australia's Strategic Plan Targets	City of Burnside's Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 68: Urban development:</p> <p>By 2036, 70% of all new housing in metropolitan Adelaide will be being built in established areas</p>	<p>1.3 Environmentally sustainable development which complements the City's character.</p>	<p>Sustainable City</p>	<p>City wide planning to build resilience</p>
<p>Target 69: Lose no species</p> <p>Lose no native species as a result of human impacts (baseline 2004)</p>	<p>2.1 Natural environments and watercourses protected and conserved in both the Hills Face and the Plains.</p>	<p>Connected and Resilient Biodiverse Landscapes</p>	<p>Build our knowledge</p> <p>Protect and Enhance remnant vegetation</p> <p>Connect habitats and restore degraded areas</p> <p>Improve Urban biodiversity</p> <p>Engage community and develop partnerships</p>
		<p>Protect and Value our Water Resources</p>	<p>Maintain and enhance the health of waterways</p> <p>Restore and protect waterways from erosion</p>

South Australia's Strategic Plan Targets	City of Burnside's Community Plan 2012-25	Environment & Biodiversity Strategy 2014-19 - Goal	Strategic Objectives
<p>Target 73: Recycled stormwater</p> <p>South Australia has the system capacity to harvest up to 35 GL of stormwater per annum by 2025 (baseline: 2009)</p>	<p>2.1 Natural environments and watercourses protected and conserved in both the Hills Face and the Plains.</p>	<p>Protect and Value our Water Resources</p>	<p>Maximise the reuse of rainwater, stormwater and waste water</p> <p>Maintain and enhance the health of waterways</p> <p>Restore and protect waterways from erosion</p>
<p>Target 74: Recycled wastewater</p> <p>South Australia has the system capacity to harvest up to 50 GL of waste water per annum by 2025 (baseline: 2009)</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change.</p>	<p>Protect and Value our Water Resources</p>	<p>Maximise the reuse of rainwater, stormwater and waste water</p>
<p>Target 75: Sustainable water use</p> <p>South Australia's water resources are managed within sustainable limits by 2018</p> <p>(baseline: 2003)</p>	<p>2.2 Sustainable use of natural resources, and minimisation of waste to address climate change.</p>	<p>Protect and Value our Water Resources</p>	<p>Minimise Council water use</p>

## **Appendix 2: Biodiversity Sites**

### **Project sites for the conservation and land management team**

## Appendix 3: Flora | Native Flora

### A note on the tables of flora

The tables that follow are based on information from the State Herbarium and from past reserve management plans. They list all the plant species that have been recorded in the City of Burnside since European settlement. In total 732 species are listed of which 389 are indigenous, and 343 are exotic. Of the species listed, there are three Nationally Threatened species (EPBC Act 1999), 40 with a South Australian Conservation rating (NPW act 1972) and

103 species have a conservation rating for the Adelaide and Mount Lofty Ranges region with a further 80 species listed as near threatened and one species are known to be extinct in the AMLR region.

The list of exotic species contains species that are naturalised in Burnside. This means that these species, having first been introduced by people, now persist in the landscape without human intervention. In most cases, these species have become established in the landscape at the expense of indigenous species.

Y | Indicates an indigenous species that requires on-going management in order to be maintained in the City of Burnside.

Q | Indicates that the species is not known to occur in any Burnside Council reserve land but may still be present in the Cleland Conservation Park at the South-eastern end of the district

P | Indicates that the species has been propagated from local sources and planted on Burnside Council reserve land

**EPBC** = National conservation rating of the species based on the EPBC Act 1999

**NPW** = South Australian conservation rating of the species based on the National Parks & Wildlife Act 1972

**AMLR** = Overall Adelaide & Mt Lofty Ranges regional conservation status

**EPBC status codes**

VU = Vulnerable, EN = Endangered, CR = Critically Endangered, EX = Extinct. Where status is listed as "spp", the status applies to a sub-specific level, but the resolution of the record in BDBSA is at a species level. Expert interpretation is required to resolve sub-specific taxonomy

**NPW status codes**

R = Rare, V = Vulnerable, E = Endangered. As asterisk denotes ratings that need to be qualified.

**AMLR status codes**

RE = Regionally Extinct, CR Critically Endangered, EN = Endangered, VU = Vulnerable, RA = Rare, NT = Near Threatened, LC = Least Concern, DD = Data Deficient, NE = Not Evaluated.

**Data source:** South Australian Department for Environment and Heritage database and the Biodiversity Strategy 2008, City of Burnside.

## Appendix 3: Flora | Naturalised Flora

Family Name	Species Name	Common Name	Weed Status	Date
LEGUMINOSAE (FABACEAE)	Acacia baileyana	Cootamundra wattle		
CASUARINACEAE	Casuarina glauca	Swamp Sheoak		
CASUARINACEAE	Casuarina cunninghamiana	River Sheoak		
MYRTACEAE	Corymbia citriodora	Lemon Scented Gum		
MYRTACEAE	Corymbia maculata	Spotted Gum		
ROSACEAE	Crataegus monogyna	Single-seeded hawthorn	DPP	
MYRTACEAE	Eucalyptus saligna	Sydney Blue Gum		
MYRTACEAE	Eucalyptus cladocalyx	Sugar Gum		
SAPINDACEAE	Koelreuteria paniculata	Goldenrain tree		
MYRTACEAE	Leptospermum laevigatum	Coastal Tea Tree		
PITTOSPORACEAE	Pittosporum undulatum	Sweet pittosporum		
LEGUMINOSAE	Acacia decurrens	Early Black Wattle		5/08/1972
LEGUMINOSAE	Acacia longifolia ssp. Longifolia	Sallow Wattle		21/07/1973
LEGUMINOSAE	Acacia saligna	Golden Wreath Wattle		1/01/1970
ACERACEAE	Acer negundo	Box Elder		19/02/1988
RANUNCULACEAE	Adonis microcarpa	Pheasant's Eye	DPP	5/10/1945
AGAVACEAE	Agave americana	Century Plant		1994
COMPOSITAE	Ageratina adenophora	Crofton Weed		23/10/1987
GRAMINEAE	Aira cupaniana	Small Hair-grass		2/11/1952
LILIACEAE	Allium ampeloprasum	Wild Leek		1/12/1950
LILIACEAE	Allium triquetrum	Three-cornered Garlic		20/10/1977
AMARANTHACEAE	Amaranthus albus	Stiff Tumbleweed		26/03/1939
AMARANTHACEAE	Amaranthus muricatus	Rough-fruit Amaranth		31/05/1981
AMARANTHACEAE	Amaranthus retroflexus	Red-root Amaranth		30/04/1955
AMARANTHACEAE	Amaranthus viridis	Green Amaranth		11/01/1958
AMARYLLIDACEAE	Amaryllis belladonna	Belladonna Lily		3/02/1974
PRIMULACEAE	Anagallis arvensis	Pimpernel		1/01/1987
PRIMULACEAE	Anagallis sp.			11/04/1986
UMBELLIFERAE	Anethum graveolens			28/01/1996
UMBELLIFERAE	Apium graveolens	Celery		30/11/1909
COMPOSITAE	Arctotheca calendula	Cape Weed		25/10/1977
GRAMINEAE	Arundo donax	Giant Reed		1/01/1997
LILIACEAE	Asparagus asparagoides	Bridal Creeper	WONS	1/01/1974
LILIACEAE	Asphodelus fistulosus	Onion Weed		3/08/1973
COMPOSITAE	Aster subulatus	Aster-weed		23/04/1943
GRAMINEAE	Avena barbata	Bearded Oat		1/01/1970
GRAMINEAE	Avena fatua	Wild Oat		2/10/1972
IRIDACEAE	Babiana angustifolia	Baboon-flower		24/09/1951
CRUCIFERAE	Barbarea verna	Early Wintercress		15/11/1943
GRAMINEAE	Brachypodium distachyon	False Brome		18/10/1905
GRAMINEAE	Briza maxima	Large quaking-grass		29/11/1942
GRAMINEAE	Briza minor	Lesser quaking-grass		29/11/1942
GRAMINEAE	Bromus catharticus	Prairie Grass		10/04/1950
GRAMINEAE	Bromus diandrus	Great Brome		3/10/1973
GRAMINEAE	Bromus hordeaceus	Soft Brome		1/11/1903

Family Name	Species Name	Common Name	Weed Status	Date
	ssp.hordeaceus			
GRAMINEAE	Bromus madritensis	Compact Brome		2/10/1972
BUDDLEJACEAE	Buddleja davidii	Butterfly Bush		14/12/1996
COMPOSITAE	Calendula arvensis	Field Marigold		25/08/1946
CRUCIFERAE	Capsella bursa-pastoris	Shepherd's Purse		17/10/1943
CRUCIFERAE	Cardamine flexuosa	Wood Bitter-cress		17/09/2001
COMPOSITAE	Carduus pycnocephalus	Shore Thistle		30/11/1983
COMPOSITAE	Carthamus lanatus	Saffron Thistle		4/02/1922
GRAMINEAE	Catapodium rigidum	Rigid Fescue		1/01/1974
COMPOSITAE	Centaurea calcitrapa	Star Thistle		27/12/1907
COMPOSITAE	Centaurea melitensis	Malta Thistle		1/08/1940
GENTIANACEAE	Centaurium erythraea	Common Centaury		1/01/1974
GENTIANACEAE	Centaurium sp.	Centaury		18/04/2001
GENTIANACEAE	centaurium tenuiflorum	Branched Centaury		25/11/1973
VALERIANACEAE	Centranthus ruber ssp. Ruber	Red Valerian		1/01/1974
CARYOPHYLLACEAE	Cerastium glomeratum			
LEGUMINOSAE	Ceratonia siliqua	Carob Tree		1994
LEGUMINOSAE	Chamaecytisus palmensis	Tree Lucerne		30/08/1972
IRIDACEAE	Chasmanthe floribunda var. floribunda	African Corn-flag		7/08/1972
CHENOPODIACEAE	Chenopodium album	Fat Hen		24/02/1952
COMPOSITAE	Chrysanthemoides monilifera ssp. monilifera	Boneseed	WONS	22/08/1971
GENTIANACEAE	Cicendia quadrangularis	Square Cicendia		30/09/1912
COMPOSITAE	Cichorium intybus	Chicory		26/01/1956
UMBELLIFERAE	Ciclospermum leptophyllum	Narrow-leaf Celery		28/12/1985
COMPOSITAE	Cirsium vulgare	Spear Thistle	DPP	11/04/1986
RANUNCULACEAE	Clematis flammula			9/04/1991
UMBELLIFERAE	Conium maculatum	Hemlock		9/11/1993
CONVOLVULACEAE	Convolvulus arvensis	Field Bindweed	DPP	9/09/1972
COMPOSITAE	Conyza albida	Tall Fleabane		19/05/1973
COMPOSITAE	Conyza bonariensis	Flax-leaf Fleabane		25/04/1950
LEGUMINOSAE	Coronaria sp.			2002
ROSACEAE	Cotoneaster pannosus	Cotoneaster		14/01/1987
ROSACEAE	Cotoneaster sp.	Cotoneaster		1/01/1987
COMPOSITAE	Cotula coronopifolia	Water Buttons		1/11/1903
ROSACEAE	Crataegus azarolus	Azarola Thorn		18/04/2001
ROSACEAE	Crataegus monogyna	Hawthorn		1/10/1908
COMPOSITAE	Crepis capillaris	Smooth Hawksbeard		5/12/1983
CUCURBITACEAE	Cucumis myriocarpus	Paddy Melon		1/01/1900
ROSACEAE	Cydonia oblonga	quince		8/10/1973
COMPOSITAE	Cynara cardunculus ssp. Flavescens	Artichoke Thistle		1/01/1987
GRAMINEAE	Cynodon dactylon var. dactylon	Couch		1/01/1997
GRAMINEAE	Cynosurus echinatus	Rough Dog's-tail Grass		4/11/1973
CYPERACEAE	Cyperus congestus	Dense Flat-sedge		22/03/1924
CYPERACEAE	Cyperus eragrostis	Drain Flat-sedge		19/12/1992
CYPERACEAE	Cyperus involucratus			1996
GRAMINEAE	Dactylis glomerata	Cocksfoot		20/10/1924
SOLANACEAE	Datura stramonium	Common Thorn-apple		14/03/1975
COMPOSITAE	Delairea odorata	Cape Ivy		00/00/1994

Family Name	Species Name	Common Name	Weed Status	Date
GRAMINEAE	<i>Digitaria ischaemum</i>	Smooth Summer-grass		26/04/1908
GRAMINEAE	<i>Digitaria sanguinalis</i>	Crab Grass		14/04/1969
GRAMINEAE	<i>Digitaria violascens</i>			13/03/1995
LEGUMINOSAE	<i>Dipogon lignosus</i>	Lavatory Creeper		1/12/1904
ORCHIDACEAE	<i>Disa bracteata</i>	South African Orchid		
COMPOSITAE	<i>Dittrichia graveolens</i>	Stinkweed		15/03/1952
GRAMINEAE	<i>Echinochloa colona</i>	Awnless Barnyard Grass		4/03/1946
GRAMINEAE	<i>Echinochloa crus-galli</i>	Common Barnyard Grass		1/01/1987
BORAGINACEAE	<i>Echium plantagineum</i>	Salvation Jane	DPP	8/04/1983
GRAMINEAE	<i>Ehrharta erecta</i>	Panic Veldt Grass		23/10/1904
GRAMINEAE	<i>Ehrharta longiflora</i>	Annual Veldt Grass		19/12/1992
ONAGRACEAE	<i>Epilobium ciliatum</i>	Glandular Willow-herb		11/02/1993
GRAMINEAE	<i>Eragrostis cilianensis</i>	Stink Grass		1994
ERICACEAE	<i>Erica arborea</i>	Tree Heath		1/10/1993
ERICACEAE	<i>Erica sp.</i>	Heath		2/09/1906
GERANIACEAE	<i>Erodium botrys</i>	Long Heron's-bill		9/09/1934
GERANIACEAE	<i>Erodium brachycarpum</i>	Short-fruit Heron's-bill		17/09/1944
GERANIACEAE	<i>Erodium cicutarium</i>	Cut-leaf Heron's-bill		7/09/1972
GERANIACEAE	<i>Erodium moschatum</i>	Musky Heron's-bill		31/08/1942
EUPHORBIACEAE	<i>Euphorbia dendroides</i>	Tree Spurge		1/01/1900
EUPHORBIACEAE	<i>Euphorbia exigua</i>	Dwarf Spurge		17/06/1950
EUPHORBIACEAE	<i>Euphorbia peplus</i>	Petty Spurge		26/02/1982
EUPHORBIACEAE	<i>Euphorbia segetalis</i>	Short-stem Carnation Weed		2/11/1972
EUPHORBIACEAE	<i>Euphorbia terracina</i>	False Caper	DPP	30/01/1949
GRAMINEAE	<i>Eustachys distichophylla</i>	Evergreen Chloris		1/02/1927
POLYGONACEAE	<i>Fallopia convolvulus</i>	Black Bindweed		29/04/2004
UMBELLIFERAE	<i>Ferula communis ssp. communis</i>	Common Giant Fennel		1/01/1987
GRAMINEAE	<i>Festuca arundinacea</i>	Tall Meadow Fescue		23/10/1987
MORACEAE	<i>Ficus carica</i>	Edible Fig		25/03/1950
UMBELLIFERAE	<i>Foeniculum vulgare</i>	Fennel		1/01/1970
OLEACEAE	<i>Fraxinus angustifolia</i>	Desert Ash		19/09/2000
IRIDACEAE	<i>Freesia cultivar</i>	Freesia		18/09/1966
FUMARIACEAE	<i>Fumaria bastardii</i>	Bastard Fumitory		28/07/1973
FUMARIACEAE	<i>Fumaria capreolata</i>	White-flower Fumitory		18/09/1928
FUMARIACEAE	<i>Fumaria muralis ssp. muralis</i>	Wall Fumitory		28/12/1970
AIZOACEAE	<i>Galenia pubescens var. pubescens</i>	Coastal Galenia		30/04/1908
COMPOSITAE	<i>Galinsoga parviflora</i>	Yellow Weed		1/01/1944
RUBIACEAE	<i>Galium aparine</i>	Cleavers		26/11/1942
GRAMINEAE	<i>Gastridium phleoides</i>	Nit-grass		17/11/1992
COMPOSITAE	<i>Gazania rigens</i>	Gazania		1/01/1974
COMPOSITAE	<i>Gazania sp.</i>	Gazania		1/12/1952
LEGUMINOSAE	<i>Genista linifolia</i>	Flax-leaf Broom	WONS	14/06/1975
LEGUMINOSAE	<i>Genista monspessulana</i>	Montpellier Broom	WONS DPP	3/10/1948
IRIDACEAE	<i>Gladiolus carneus</i>	Broad-leaf Painted Lady		9/09/1972
IRIDACEAE	<i>Gladiolus tristis</i>	Evening-flower Gladiolus		1/01/1987
ASCLEPIADACEAE	<i>Gomphocarpus cancellatus</i>	Broad-leaf Cotton-bush		1/01/1987
PROTEACEAE	<i>Grevillea rosmarinifolia ssp. rosmarinifolia</i>	Rosemary Grevillea		11/07/1967
GRAMINEAE	<i>Hainardia cylindrica</i>	Common Barb-grass		10/12/1904
PROTEACEAE	<i>Hakea laurina</i>	Pincushion Hakea		13/06/1983

Family Name	Species Name	Common Name	Weed Status	Date
ARALIACEAE	<i>Hedera helix</i> ssp. <i>helix</i>	Ivy		1994
COMPOSITAE	<i>Hedypnois rhagadioloides</i>	Cretan Weed		23/10/1904
BORAGINACEAE	<i>Heliotropium amplexicaule</i>	Blue Heliotrope		1/01/1974
BORAGINACEAE	<i>Heliotropium europaeum</i>	Common Heliotrope		1/01/1987
COMPOSITAE	<i>Helminthotheca echioides</i>	Ox-tongue		1/01/1973
IRIDACEAE	<i>Hesperantha falcata</i>			5/10/1908
GRAMINEAE	<i>Holcus lanatus</i>	Yorkshire Fog		14/09/1906
GRAMINEAE	<i>Hordeum glaucum</i>	Blue Barley-grass		10/10/1910
GRAMINEAE	<i>Hordeum leporinum</i>	Wall Barley-grass		2/10/1972
GRAMINEAE	<i>Hordeum marinum</i>	Sea Barley-grass		1/01/1974
GRAMINEAE	<i>Hordeum vulgare</i>	Barley		17/05/1949
CANNABACEAE	<i>Humulus lupulus</i>	Hop		13/03/1995
GRAMINEAE	<i>Hyparrhenia hirta</i>	Coolatai Grass		no collection
GUTTIFERAE	<i>Hypericum perforatum</i>	St John's Wort		13/01/1973
COMPOSITAE	<i>Hypochaeris glabra</i>	Smooth Cat's Ear		12/11/1905
COMPOSITAE	<i>Hypochaeris radicata</i>	Rough Cat's Ear		12/04/1906
CONVOLVULACEAE	<i>Ipomoea indica</i>	Purple Morning-glory		1994
IRIDACEAE	<i>Iris germanica</i>	Flag Iris		1/01/1987
IRIDACEAE	<i>Ixia flexuosa</i>			1/01/1974
IRIDACEAE	<i>Ixia polystachya</i>	Variable Ixia		3/11/1973
JUNCACEAE	<i>Juncus articulatus</i>	Jointed Rush		10/06/1993
JUNCACEAE	<i>Juncus capitatus</i>	Dwarf Rush		20/10/1905
COMPOSITAE	<i>Lactuca serriola</i>	Prickly Lettuce		1/01/1997
GRAMINEAE	<i>Lagurus ovatus</i>	Hare's Tail Grass		1/01/1907
VERBENACEAE	<i>Lantana camara</i>	Common Lantana	WONS	no collection
LEGUMINOSAE	<i>Lathyrus latifolius</i>	Perennial Pea		1994

<i>Limnodynastes tasmaniensis</i>	Spotted Grass Frog					Mod	Y	Y
<i>Litoria ewingi</i>	Brown Tree Frog					Mod	Y	Y
<i>Litoria raniformis</i>	Golden Bell Frog					Low		
<i>Neobatrachus pictus</i>	Painted Frog					Low - Mod	Y	
<i>Pseudophryne bibroni</i>	Brown Toadlet					Mod		

### KEY

#### Regions

**AUS** =Australia, **SA** = South Australia, **SML** = Southern Mount Lofty Botanical Region, **BC** = Burnside City Council

#### Conservation ratings

**EX** = Extinct: all known populations extinct within the wild, **E** = Endangered: rare and in danger of becoming extinct, **V** = Vulnerable: rare and at risk from potential threats, **R** = Rare: has a low overall frequency of occurrence. Warrants monitoring and protective measures, **C** = Common: commonly observed and does not warrant protective

measures, **U** = Uncommon: less common but not rare enough to warrant special protective measures, **O** = Occasional: species that are not common but are regular visitors to a region (e.g. migratory waders). Because they do not breed locally they have not been given a regional conservation rating

#### Date observed

**O** = casual observation by staff or resident since 2000. Not all fauna species detailed here have been previously recorded within Burnside City Council and therefore not all species will have a date listed in which they were observed. Those

species not observed within the Council area before are thought to have either inhabited the region previously, or still may inhabit the area today (as determined through discussions with SA Museum staff)

**Data source:** South Australian Department for Environment and Heritage database. Additional information sourced from relevant SA Museum staff: Mark Hutchinson (Reptiles), Andrew Graham (Birds), and Cath Kemper (Mammals). Terry Reardon was also consulted for his expertise on bats.

## Appendix 3: Fauna | Birds

### KEY

regions

Aus =Australia, SA = South Australia, sml = Southern Mount Lofty Botanical Region, bc = Burnside City Council

Conservation ratings

ex = Extinct: all known populations extinct within the wild, e = Endangered: rare and in danger of becoming extinct, v = Vulnerable: rare and at risk from potential threats, r = Rare: has a low overall frequency of occurrence. Warrants monitoring and protective measures, c = Common: commonly observed and does not warrant protective measures, u = Uncommon: less common but not rare enough to warrant special protective measures, o = Occasional: species that are not common but are regular visitors to a

region (e.g. migratory waders).

Because they do not breed locally they have not been given a regional conservation rating  
date observed  
o = casual observation by staff or resident since 2000. Not all fauna species detailed here have been previously recorded within Burnside City Council and therefore not all species will have a date listed in which they were observed. Those species not observed within the Council area before are thought to have either inhabited the region previously, or still may inhabit the area today (as determined through discussions with SA Museum staff)

Extra Key for Birds

res = species though to be resident throughout the year in the City of

Burnside, irr = species that are irregular visitors to the City of Burnside, spr = species that are spring- summer visitors to the City of Burnside, Aut = species that are autumn-winter visitors to the City of Burnside, # = likely to be present within residential areas of the City of Burnside.

**Data source:** South Australian Department for Environment and Heritage database. Additional information sourced from relevant SA Museum staff: Mark Hutchinson (Reptiles), Andrew Graham (Birds), and Cath Kemper (Mammals). Terry Reardon was also consulted for his expertise on bats

## Appendix 4: Fauna | Reptilia

Species Name	Common Name	Conservation Rating				Likelihood		Date Observed
		AUS	SA	SM	RESIDENCY	Species Occurrence	Species Increase with More Habitat	
<i>Aprasia inaurita</i>	Red-tailed Worm-lizard					Low		
<i>Aprasia striolata</i>	Lined Worm-lizard					Mod	Y	1-Jan-50
<i>Austrelaps labialis</i>	Pygmy Copperhead					Low		
<i>Chelodina longicollis</i>	Common Long-necked Tortoise					High		2007
<i>Christinus marmoratus</i>	Marbled Gecko					High	Y	21-Jan-81
<i>Cryptoblepharus carnabyi</i> <i>cac</i>	Desert Wall Skink					Low		17-Jun-85
<i>Ctenophorus decresii</i>	Tawny Dragon					Low		1-Jan-50
