

Doggie Dummies Dog Waste Station

How the Doggie Dummie Station works

Step 1

Tie dog bag first and then slide into front baffle.

Step 2

Follow maze through rubbish limiter chute with tied dog bag.

Step 3

Drop into centre of the bin at the end of the maze.

Designed for the simple clean separation and disposal of dog waste bags.

Fully compostable dog waste bags can be threaded through the dog waste bin, ensuring other waste can not contaminate the bins. Our dog waste stations allow for ease of emptying with a rear lockable door, choice of colours and are fully Australian made.
