Council Contractor Insurance

Whenever Council enters into a contract with an individual or Company for the provision of services, Council should ensure that the Contractor has the appropriate Public Liability Insurance coverage to protect the legal liabilities of the Contractor against any claims which may result from the contract work.

As Insurance and Risk Specialists to Councils in South Australia, Local Government Risk Services are able to assist Council Contractors with Public Liability, Contract Works Insurance and other ancillary types of coverage.

The Contractors Insurance facility established by LGRS will assist contractors to ensure that they have the right level of coverage in place as well as providing the required documentation to Council.

We are able to tailor Insurance solutions that will meet the needs of the project as well as helping the Council Contractor to make informed decisions regarding their insurance.

We can organise insurance on broad policy wordings with competitive prices for single and multiple operators providing services such as Gardening/landscaping, reticulation/Sprinkler/Irrigation Installation, Lawn mowing/Slashing/Tree Trimming, rubble and General cartage, Office, Toilet and hall cleaning, refuse depot caretakers, Managers and Operators, Roadside vegetation Clearance, patrol graders and Caravan Park operators to name a few.

If you have any questions or would like to speak with us about Insurance please contact:
