'Above and Beyond' is an exhibition of works by final year Marden Visual Art and Contemporary Craft, Textile graduates. The title of the show signifies

the creative journey taken by a diverse group of people who are nevertheless united by a passion for textiles and the joy of art.

With different backgrounds but common goals the work showcases the diverse explorations, the intense pursuit of knowledge, and skills acquired throughout the 3 year study period. Traditional skills are here, but also experimentation with printing, dyeing, felting and painting. The narrative of textiles is told with grace and beauty, while the imagination/inspiration of the narrative is the message encapsulated in all of these works.

Above & Beyond will be launched by Barbara Mullan, Textile Artist and Educator on Friday 26 March at 6pm.

Artist of the Month April

Jen Greeneklee -
Ceramics and Jewellery
6-30 April

"Hi I'm Jen Greeneklee and welcome to my art world.

I am a local Artist with an eclectic range of genre's using graphic, abstract and stylized forms.

My main medium is clay, with some glass.

Hand construction works best for me giving each piece a UNIQUE, INDIVIDUAL ambience.

I implement this paradigm in my finished jewellery as ALL the Ceramic and Glass beads are MADE BY ME, thus giving each piece the AUTHENTICITY of being HANDMADE.

I enjoy bringing the whimsical to my work, seen in the decorative influences on my platters, coasters, and beads. I also extend myself to others through tuition and my own shop, thereby sharing the enjoyment of what I do as widely as possible. Creative party ideas also work well!

I hope you will enjoy viewing my work as much as I have creating it.

I express my range through a label: 'Jen-e-sais-quoi'

This is a play on my name and the French word Je-ne-sais-quoi (pronounced 'je-ner-say-qua') which means 'an indescribable attractive attribute or quality'; 'a certain something'.

Artist of the Month May

Genevieve and
Essie Elliott - Jewellery
4-29 May

"Our 10-year pursuit began from humble beginnings making jewellery together as a hobby. From using beading cotton and seed beads, we have progressed in some wonderful new directions ever since.

Along the way we relocated to the small railway town of Peterborough – just 2 years ago. Missing Adelaide and its activity our hobby has kept us sane... and we have continued to flourish.

Murano beads, lamp work and Swarovski crystal are now almost exclusively our choice of materials. Having fallen in love with Murano jewellery (also known as Venetian glass) while on holidays it became our dream to be able to work with those beautiful beads!

While it took some time to source the beads we needed from reputable and reliable suppliers, and to source the sterling and gold fill finding to finish off each piece, it was well worth the effort. Beads are such joyful things to work with and every piece is made with love.

And so, as you view our work and consider taking a piece home, please think of the two of us sitting happily at our kitchen table, far from our humble start, but close to the essence of this wonderful craft."
Genevieve and Essie.

Volunteer Profile

Name: Marjorie Molyneux

How long have you volunteered at Pepper Street and what do you like about it? 13 long and happy years!

I enjoy working as part of a team, and I love the interaction with visitors to the gallery and to the shop. There's a therapeutic spin-off to working in a creative environment such as Pepper Street.

What is your favourite art style/form and why? As a potter I would have to say ceramics – I love the feel of clay and its malleability. However I certainly appreciate the creativity of the many other artists who exhibit their work at Pepper Street.
